Toasting life with Coffee.

Great coffee is the ritual that punctuates our lives with some of the most sociable and mindful moments of our day.

Ethical coffee brings integrity and meaning to these moments, connecting you to the people that produced it.

As coffee roasters and distillers, we're bringing the experience of ethical craft coffee to the cocktail – giving you more moments to toast life with great coffee.

The world's most sustainable Coffee Liqueur.

Ethical Sourcing.

We seek out the changemakers in sustainable coffee farming, and we pay them what they're worth. Watch our Brazil trip [here](#).

Speciality Quality.

We reject flavourings and work with the best Speciality Arabica coffees from around the world.

Sympathetic Roasting.

We roast light to enhance the lively individual flavours and regional personality of the beans.

Cold Brewing.

We brew cold and slow to extract the bean's complex character through gentle diffusion, signing off the coffee's long, nurtured journey from farmer's field to glass.

Recycled Coffee Waste

100% of our used coffee grounds are transformed into sustainable biofuel by our partners [Bio-bean](#).

'This liqueur is so packed with coffee beans that it smells exactly like a very dark, very strong mug of freshly brewed coffee. Perfection.'

DORSET | GIN

Remarkable
gins distilled
on the wild
Dorset coast.

Small-batch spirits
handcrafted on the South
Coast of the UK in
Dorset's first gin distillery
– where traditional
techniques and equipment
meet restless curiosity.

DORSET | GIN

Smaller is better.

Distil the excitement, craftsmanship and integrity
of small batch spirits into the glass.

Honour tradition, challenge the status quo.

Respect the achievements of the past
to create the innovations of the future.

Keep it simple.

Simplicity is the ultimate sophistication,
obtained at the cost of great effort.
If you can, say it with less.

DORSET DRY GIN

Distilled and bottled in small batches on the South Coast of England, the Dorset Dry is a refreshing take on the classic London Dry gin.

The Dorset Dry embodies the bright and refreshing spirit of Dorset, with 10 select botanicals, including marsh samphire, elderberries and hand-picked gorse flowers foraged from across the Dorset Jurassic Coast and the New Forest.

Tasting Note - An intricate gin that's well-balanced and juniper-led, with a complex and layered herbaceous freshness and lingering citrus finish. A lovely complement of dry and sweet to deliver a crisp and refreshing G&T that invites the second sip.

ABV – 40%

Serve – Classic Indian tonic with a strip of lime peel

Best for British Flavour

“Conker has a real sense of place – this is basically the South Coast in a glass. Lighter and fresher than many classic London Dry gins, each sip whisking you away to one of England’s loveliest counties.”

PORT BARREL GIN

In our pursuit of new and exciting spirits, we've brought together two of our favourite tipples to create a beautifully captivating gin like no other.

Rested in Port barrels for 8 weeks, our Dorset Dry Gin draws out the 5-year-old Port from the oak walls of the cask, infusing its aged flavour and turning the gin a stunning ruby-pink.

Ruby Port Barrels:

Origin: Vila Nova de Gaia, Porto, Portugal

Wood: French Oak

Age: 5 years

Tasting Notes - Everything you love in a gin, met with the rich comfort of port and intrigue of the oak barrel. The herbaceous fresh brightness of the Dorset Dry Gin is balanced with a woody spice and a bourbon-like vanilla sweetness, with the Port adding a melody of forest fruits and jammy red grape.

ABV – 43%

Serve - Classic Indian tonic with a strip of orange peel

RNLI

NAVY STRENGTH GIN

A hearty Navy Strength Gin distilled in honour of the RNLI.

We raise a glass to the courageous men and women who have worked selflessly over two centuries to end preventable loss of life at sea.

For every bottle sold, we give £5 to the RNLI. So far we've raised over £45,000.

Tasting Notes - A wonderfully big gin led by dry piney juniper, punctuated perfectly with a herbaceous jammy sweetness from marsh samphire, elderberries and Seville orange that jumps out of the glass in a long G&T.

ABV – 57%

Serve - Classic Indian tonic with a big wheel of fresh orange

Onker Gin & Juice

Our Gin & Juice brings together the quality of our award-winning Dorset Dry Gin with farm-preserved apples and the heady aroma of freshly picked elderflowers.

All beautifully packaged in the convenience of a can.

The Taste...

Wonderfully refreshing and crisp, forward in dry juniper and the complex spice of our Dorset Dry Gin.

A melody of fresh and herbaceous flora, capturing Dorset's sandy beaches, windswept clifftops and ancient woodlands.

ABV – 5% (250ml)

Serve – Ice cold from the can, somewhere sandy.
